

WEBSITE USER GUIDE

Here is an explanation of the things behind each of the buttons on the left. **GENERAL HINT: You can click on any picture or map to see an enlarged version.**

COMPANY INFO: Information on the company, it's history and it's people. Here is where you will also find "Documents" which is where you can download flyers, covenants, and other documents. In "News and Events" you will find all past news articles. "Photo Gallery" contains galleries of photos we have archived.

1. **CUSTOMER CARE:** Information on our warranty program and a form for submitting warranty service requests.

COMMUNITIES: This brings up an array of summary descriptions of all the communities where we have homesites available. You can click on the icons to get down to a detail page for that community. The detail page also contains links to various information including lots and homes available in that community.

AVAILABLE LOTS: This tab takes you to a search criteria page which allows you to narrow down the search results by entering a County, a City, a Community and/or a price range. If you want to see all lots, simply click on "Search" without entering any criteria.

MODEL HOMES: This tab takes you to a list of our display model homes showing pictures and summary descriptions. You can click on the picture or on the link at the top of each summary segment to go to a detail page for that particular model home. The detail page will contain directions, maps, open house hours and other info.

HOME PLANS: This takes you to a search criteria page. We have about 50 different plans to choose from. This page allows you to narrow your search results by either type/style of home, series or square footage. If you simply want to see ALL plans simply click on "Search" without entering any criteria.

QUICK HOMES: This takes you to a page of pictures and summary descriptions for homes that are under construction at one stage or another. Some of these homes will be only at the foundation or framing stage and some will be complete and ready for occupancy. Click on the picture to bring up a detail page for that particular home. The detail page will have floor plans additional pictures, more detailed descriptions and links to additional information.

PROPOSED HOMES: This takes you to a search criteria page that allows you to narrow your search results by Home Style, Community, Price etc. We usually have 75 to 100 proposed homes so a search that isn't narrowed can be cumbersome. The Proposed Homes program is one we created so that you can see house/lot packages with some basic options price out to in various communities. If you want to see ALL proposed homes simply click on "Search" without entering any criteria. This will take you to a summary page with pictures and summary descriptions for these homes. As usual, you can click on the picture to go to a detail page for the particular home. There will be additional pictures, floor plans and detailed descriptions along with additional links to useful information.
